Subject: Option to Continue with Three Subjects at AS Level

Dear Parents,

After careful review and consultation with our Academic Counsellors, the College has decided to allow boys in III the option to continue with three subjects instead of four at AS Level. This decision follows observations that some boys are finding it difficult to cope with the academic demands of four subjects.

The aim of this measure is to help students maintain a healthy balance between academic performance, personal well-being, and co-curricular engagement, while ensuring they meet university entrance requirements.

It is important to note, however, that some leading universities place value on the academic rigour demonstrated by students who take four subjects at AS Level. Therefore, this decision should only be made after careful consideration and consultation with the Academic Counsellors, who will provide individual guidance based on each boy's aptitude, performance, and university goals.

Boys are required to continue attending all four subject classes until a final decision is made. The decision to drop a subject, if approved, will be finalised by December 1st, 2025.

We appreciate your cooperation and continued support in guiding your sons to make well-informed academic choices.

Yours Sincerely,

Amina Kamran
Headmistress, Senior School
Aitchison College, Lahore
