Subject: Induction of Emerging Technologies and Future-Ready Skills in the Curriculum

Dear Parents,

We are excited to announce a new and mandatory addition to our curriculum at Aitchison College: Emerging Technologies. As the global job market evolves at an unprecedented pace, it is essential to equip our students with the knowledge and skills required to excel in the future. This new program will focus on Artificial Intelligence (AI), Web Development, Robotics, and Entrepreneurship, offering students the tools they need to thrive in a technology-driven world.

Countries such as Finland, Singapore, South Korea, Japan, and Germany have already integrated these disciplines into their education systems, resulting in a highly skilled workforce, accelerated innovation, and robust economic growth. Leading universities like Harvard, MIT, Oxford, and Cambridge increasingly value applicants with expertise in these fields, recognizing the creativity, problem-solving abilities, and leadership potential they cultivate.

Key Benefits for Your Child:

Critical Thinking and Problem-Solving: Students will enhance their analytical skills by tackling real-world challenges.

Future-Ready Skills: Early exposure to cutting-edge technologies prepares students for emerging careers.

University and Career Advantages: A strong foundation in AI, coding, robotics, and entrepreneurship increases university placement opportunities and future employability.

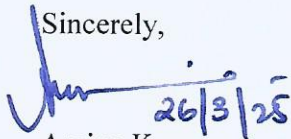

Holistic Development: Beyond technical skills, students will build resilience, teamwork, leadership, and communication skills.

Program Details:

- Duration: Each course will be completed in two months
- Fee: Rs. 30, 000/- charge will be applied to cover resources and expert instruction.
- Instruction: Courses will be taught by the industry experts empowering students with future ready skills ensuring hands-on training and practical insights.

We firmly believe that this initiative will empower our students, preparing them not only for academic excellence but also for global success. We appreciate your support as we continue to innovate and provide the best educational opportunities for our boys. The FAQs are available to address common queries. Additionally, you may email the Deputy Headmaster, Dr. Muhammad Kamran at dhmss@aitchison.edu.pk

Sincerely,

Amina Kamran
