Principal Thomson thanked the Bard Foundation and family, saying the new centre would energise basketball and encourage others to also 'give back' to their alma mater. Mr. Dawood spoke not only of his delight in the quality of the new centre, but also enlightened a large gathering on the work of the Bard Foundation. Two general basketball courts, a practice half court and a championship court now offer superb conditions for playing and coaching. The Old Boys beat the College 19 to 18 in an exhibition match.

AITCHISON'S PRESERVATION OF TREES

One of the chief memories of Old Boys is the grounds and gardens of Aitchison. Few schools in the world boast such majestic trees of so many varieties. This year, a great initiative was taken to plant and preserve trees in the College campus. So far, we have planted dozens of new sheeshams, jamans, silk cottons, pipals, kachnars, general hedges and cypress replacements. Special attention focused on those mighty sentinels at the Old Building -Cypress Avenue and their battle with climate change. University botanists were called to inspect the trees and advise on preservation and regeneration.

Our gardens and grounds have defied the covetous arms of urban development. Sanctuary to myriad birds and animal life, home to bees and honey production, generations of boys have been subtly influenced by nature's gift nourished by a network of ingenious canals. This legacy is cared for and replenished by hard working malis, led by our Head of Grounds, Mr. Muhammad Aslam. He has been associated with Aitchison College for more than three decades and we interviewed him to reveal his thoughts. Mr. Aslam described the College as home of more than 106 varieties of trees. Since 2016, he said about 2700 trees have been planted; the total number of trees in the College now being 10500. Acute canal flooding is regularly done for all the grounds once a month or as per the weather requirements to maintain their lush green beauty. In recent times, he has concentrated on winter planting to enhance pollen production. Our playing grounds have welcomed many National & International teams to practice and play a variety of sports. No doubt the excellent College cricket wickets stand out. Aitchison gardeners celebrate annual awards for winning the 'Chrysanthemum Show' and 'Best Gardens'. Muhammad Aslam also shared his gratitude for the (Principal) Mr. Michael Thomson, (Bursar) Mr. Khalid Mohammad Noon, all Heads of Schools Ms. Amina, Ms. Fatima Mubeen and Mr. Raja Ashfaq for their guidance in helping the staff work in an optimum way. We thank Mr. Muhammad Aslam, his staff for their skilled efforts on behalf of all those who treasure the school.

AITCHISON'S APIARY

Aitchison has taken its beekeeping initiative forward with great commitment. Aided by our Professional Beekeeper, Madiha Beg from Cornell University's Small Farm Program, we aim to fully utilise the potential of fields & gardens for beekeeping.

In June, Aitchison planted hundreds of plants & flowers such as Sunflowers, Mimosa, Tecoma vines, local roses & Lemon trees to provide the bees with ample food for pollen production. We will be adding local clover and mustard fields soon. We believe it is crucial for boys to know about bees and their link to our survival.

AITCHISON ALUMNI MENTORSHIP PROGRAM LAUNCHED

The Principal welcomed dozens of Old Boys back to the school for the opening of this most valuable program established by Mr. Ahmed Jamal Wattoo (Batch of 2015, Graduated at Columbia University, Researcher, United Nations DPO, New York). The mentorship program links Aitchisonians with an extensive network of successful Old Boys working in many walks of life and who stand ready to help with encouragement and advice both here and overseas. Ahmed Wattoo spoke of the value of this network and thanked Old Boys for being so supportive of the initiative. Mr. Thomson gave Old Boys a summary of recent school developments and praised Ahmed Jamal Wattoo for the enormous time and effort he had put into creating this unprecedented resource. The Principal presented Mr. Wattoo with the College's token of appreciation. He also acknowledged the Alumni Department for their continuous support.

After morning tea in the Principal's garden, it was time for a tour and close look at the Old Building on a hot day.

RECOGNITION FOR IMPACT IN SCIENCE & TECHNOLOGY

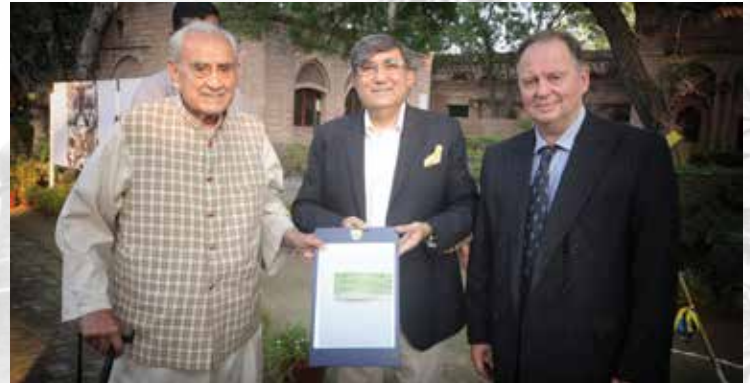

Maaz Asher Khurram (Class of 2013) was recently named in the 2021 Foreign Minister's Honours List of 'Leaders under 40'. The list honours 25 Overseas Pakistanis for their exceptional performance and leadership in the fields of Science and Innovation, Community Service, Arts and Culture, Entrepreneurship and Sports. He was nominated from the United States, alongside Wardah Inam, CEO of a dental AI startup from MIT called 'Overjet', for their contributions in 'Science and Innovation'. He is currently pursuing his PhD in Stem Cell Biology at NYU School of Medicine.

At Aitchison, he received the College academic blazer and was actively involved in extracurricular activities. After graduating from Aitchison, he went to University of California, Berkeley for biomedical science and later upon recommendation from Nobel Laureate Dr. Jennifer Doudna, he spent a year at Osaka University in Japan as a Frontier Lab fellow. During his time in the University of Copenhagen, he served as a Santander Scholar to study and develop healthcare policy for aging populations. After graduating from Berkeley, Maaz was recruited as a researcher at the Gladstone Institutes for three years under Nobel Laureate Dr. Shinya Yamanaka, whose landmark discoveries have led to cutting-edge stem cell therapies and inspired the further development of mRNA technology enabling Moderna's Covid-19 vaccine.

Aitchison applauds Maaz on his numerous and significant achievements. We acknowledge information provided by Mr. Saleem Ahmed (Old Boy and Board Member).

THE SHIRAZI FAMILY DONATE A NEW SENIOR BOARDING HOUSE

The Principal was joined by old boys Aamir Shirazi and Iftikhar Shirazi, Syed Babar Ali and several board members, guests and senior staff to celebrate the groundbreaking ceremony of this new senior boarding house to be situated between Godley and Leslie Jones houses. In one of the biggest post Independence gestures, Mr Thomson paid tribute to the Shirazi family along with Syed Babar Ali and Arif Saeed, applauding the Shirazi family's support, vision and generosity. The Shirazi family expressed how eager they were to help the College expand boarding for remote boys in Pakistan, so they can benefit from an Aitchison education.

AITCHISON'S ONLINE EDUCATION

No one wants to resort to online school when such an exciting 'physical' program exists at Aitchison. However, staff and students have responded magnificently to the pandemic and not only enjoyed classes and kept pace with curriculum, but undertaken online examinations as well. Seniors from C1 to H1 have utilised Exam.Net put to wide use in the United Kingdom. Teachers and prep boys have shown how adept the young generation is with technology.

The College made the necessary arrangements by training the teaching faculty, providing them with online resources on remote teaching, assessment alternatives, and out-of-the-box course delivery approaches. While the transition to distance learning was unexpected and unsettling to many students, teachers employed discussion tools to enable interactions with and among students using the Google Classroom and Google Meet. Junior School's online classes were not limited to academics but also inculcated extra-curricular activities using videos, PPTs, podcasts, storyboards, jam board, and online quizzes. We are thankful to both teachers and College IT department who assisted the process of home learning during these unprecedented times.

OBITUARIES

Passing of Late Farhad Humayun

Old Aitchisonian and Pakistan music icon Farhad Humayun, Class of 1994 passed away on Tuesday, 8th June, 2021. He was a drummer, talented vocalist, producer and sound engineer; who in 2003 became an icon after forming Pakistan's first fusion band, Overload. Both national and international audiences loved his drumming skills and mesmerising vocals, a talent he discovered at a later stage of his career. His career highlights include being the only Asian artist to represent Liberty Drums and having played at Royal Albert Hall; a venue frequented by global music icons. Although most remember him for his larger than life charisma, awe-inspiring talent and impact on Pakistan's music spectrum, those close to him knew him for his infectious optimism, energy, undying resilience and generosity in all scopes of life. He credited his resilience and energy to the time he spent at Aitchison; qualities which he embodied throughout his life.

Our condolences go forth to his family. May his soul rest in eternal peace.

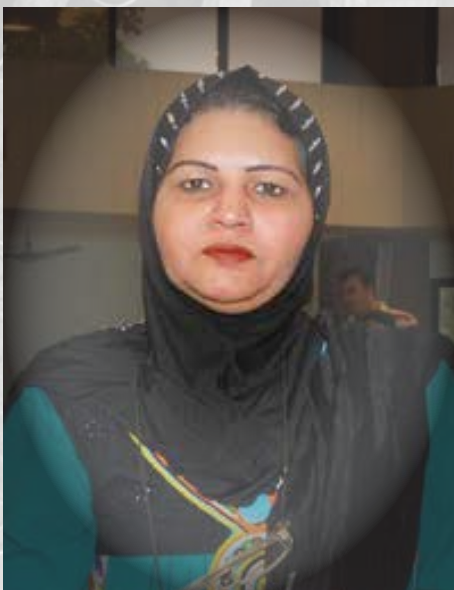

Passing of Mian Kaisar Ahmed Monnoo

The founder of the Monnoo Group of Industries, Mr. Kaisar A. Monnoo passed away on Tuesday the 16th of March 2021. May his soul find rest in the highest Heaven. Mr. Kaisar A. Monnoo was at Aitchison till 1951. He was an avid participant of all sports and excelled in the Cross-country races.

His achievements since leaving the college have reverberated throughout the halls of Pakistani business and whose impact can still be felt clearly decades later. In addition to his boundless success in establishing an industrial empire that included textiles, sugar and shipping, he also introduced Toyota Cars into Pakistan in the 1960s.

Throughout his life he travelled extensively rivaling Ibn Battuta himself! He cultivated lifelong friendships across the globe. His passing has been met with an outpouring of grief and respect by all those countless souls he touched along the way.

Passing of Ms. Robina Tabassum

It is with profound sadness that we report the sudden passing of our Head Librarian, Ms. Robina Tabassum. She was a much loved person who managed the Babar Ali Library with dedication and professionalism for 32 years. Our Library was in such good hands under her calm and helpful demeanour. Her love of education and the role books play in education were always at the forefront of her daily efforts. Boys and staff pay tribute to her and we will miss her friendly and helpful presence.

May Allah rest her soul in peace and grant her highest place in Jannah.

Ahmed Shujaan Gondal Scholarship

We are grateful to the Ahmed Shujaan Memorial Trust for establishing the Ahmed Shujaan Gondal Scholarship in memory of the former Head Boy and Rivaz medalist (2014), Captain of Cricket, and Harvard graduate.

Ahmed Shujaan Gondal was a gifted young man. He possessed a deep and abiding commitment to his school, and carried an irrepressible intellectual spirit. He studied and played in the classical sportsman-scholar mold, and yet he was far more than this. His interests were wide-ranging from cricket to politics to public service. Among his many natural talents, Aitchison staff recall him as an exceptional public speaker. As a student leader, he was revered; now forever remembered most fondly and in highest admiration from among his peer group.

The Ahmed Shujaan Gondal Scholarship will help a worthy boy of similar talents to complete his A Levels at Aitchison, by meeting all tuition fees and examination charges for two years, provided the academic standards and sporting commitment upon which the scholarship is based are, in the opinion of the Principal and Scholarship Panel, continually met. This generous scholarship receives endorsement from the Harvard Pakistan Forum, a student society at Harvard University, chaired by undergraduates.

To qualify, a boy must perform at a level of general excellence in his O Levels/IGCSE and play a sport to a level equal to participating in a College 1st squad. Applications will be directed to the Principal's office. The College will shortlist candidates who, subsequently, will be interviewed in collaboration with Ahmed Shujaan Memorial Trust, upon which a decision will be made. Value of the Scholarship annual tuition fees.

We thank the Gondal family for their generous contribution towards the College in the memory for Gondal Shujaan.

We also show our appreciation for generous contributions by inviting donors to College events and special luncheons. Their names / company logos are also published in the Aitchison College alumni newsletter and on the College website.

Naming rights can be offered to those who fully fund a major capital project.

Donors who have given a minimum of 5 lacs to the Old Building Renovation Fund will have their names remembered forever on a plaque in the Hall of Honour. This is a highly significant historical gesture. There will be a 'cut-off' date for the plaque, after which no further names will be added.
